

WES publishes Book Reviews in each issue of the journal to help readers to stay up to date with the latest publications in the sociology of work and employment.

All books listed below are available for review. Please email the Reviews Editors, Dr V Beck (vanessa.beck@le.ac.uk) and Dr N Hammer (nh80@le.ac.uk), if you would like to write a review for the journal.

WES is particularly interested in receiving Joint Book Reviews and Book Review Essays. These are more in-depth reviews, focussing on two or three books respectively. They are a real service to the readership and we welcome requests to take on Review Essays or Joint Reviews.

Single Book Reviews
