

Medical Sociology Group Annual Conference

POSTER PRESENTATION GUIDELINES

Poster presentations are an ideal opportunity for those who are more comfortable with visual presentation methods to present preliminary work or to display complex findings. Poster presentations allow delegates more time to study and reflect on the work, often resulting in thought-provoking questions and comments. The Committee also wish to encourage innovative methods of visual presentation which make good use of the available space to engage delegates with the work being presented.

Poster presenters will be provided with a space on a display board which will accommodate one poster of A1 size (594mm x 841mm), of landscape orientation. Posters not meeting size requirements will not be displayed.

Please display your poster, and any leaflets you have produced, as soon as you arrive at the conference. Posters **must** be in place 45 minutes before the dedicated poster session, and where possible they should remain on display for the duration of the conference.

You are responsible for displaying your poster and removing it after the conference. Posters should be secured to the display boards using Velcro strips (hooks). Places on display boards will be allocated by the Programme Organisers.
