

BSA Conferences and Events Presentation Guidelines

HOW TO SUBMIT YOUR ABSTRACT

Abstracts should ONLY be submitted through the online abstract submission process.¹

Oral Papers

The conference programme committee will allocate Oral Paper slots after consideration of all accepted abstracts, together with the keywords supplied by authors. **All oral presentations will be 30-minute papers** so you should plan to speak for 20 minutes and allow 10 minutes for comments and questions. However, if the number of abstracts submitted is more than what can be accommodated using the conventional format of presentation then we may include Pecha Kucha sessions.

Posters

It may be more appropriate to present your research as a poster, rather than in an oral presentation. The organisers encourage presentation by poster and a prominent display area will be available. [Further guidance on poster presentations](#) is available online.

Special Events

Special events refer to a session comprising a collection of linked presentations centred around a topic or theme. These can run over several time slots in the programme but can be no longer than 1.5 hours (please indicate in the abstract how much time you require). The Special Event organiser should complete the online submission form using no more than 500 words. This should include an abstract of 250 words, which outlines the event and then include the contributors' names, affiliations, and provisional titles of the linked presentations. The abstract will be reviewed using the same criteria as other submissions to the conference. If accepted, the individual contributors must provide full abstracts for the conference programme.
