Sociological Research Online

Sociological Research Online (SRO) is an international, peer-reviewed journal of the BSA, promoting rapid communication among sociologists without limitation of topic or approach. Articles published in SRO apply sociological forms of analysis to a wide range of public issues and private concerns, demonstrating the importance of sociological research in understanding contemporary social issues.

Why Submit to SRO?

- Indexed in JCR, Scopus, Social SciSearch and more
- International readership from all over the world
- Receive expert feedback from our dedicated team of Editors and Editorial Board members
- Your research will be promoted to our Twitter followers as well as via SAGE social media channels
- Your paper is published online as soon as it's ready via SAGE's Online First feature
- Make your paper Gold Open Access any time before or after publication

To submit your paper, visit:

mc.manuscriptcentral.com/sro

Don't forget to read our submission guidelines first!
